

Black and Blue Charity Impact Report 2020-21

Like many charities B&B has adapted to the pandemic. Luckily, because we are 100% electronic it wasn't too hard for us and the Trustees are very happy to report our success in meeting our mission in the last year. We concentrated on the providing the stuff people affected by domestic abuse most needed to get them through this time safely.

16268 new items sent out to

31 services across the UK including

2100 face masks

995 cleaning products

747 bottles of hand
sanitiser

482 crockery and
cutlery items

Our funders

We are very grateful for the generous grants from LNER and the Chapman Trust they were vital.

Also thank you to our wonderful patron and Trustees, InKindDirect, and a whole range of people who donated to us directly. You made a huge difference to people's lives at a time when they needed it the most.

Our projects

Safe Nights

We sent out over **700** items of cosy fresh bedding and towels to help refuges and safe houses including new duvets and pillows.

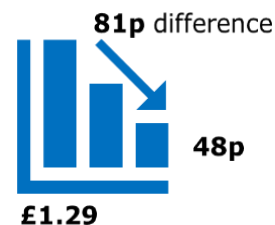

Bubble Aid

We sent out toiletries to people (big and small) all over the UK, in refuges in the last year including lots of shampoo, shower gel, toothpaste and other stuff, we sent over **7000** individual items.

Value for money

In the last year on average, for every 48p we spent we bought goods worth £1.29. We pride ourselves on getting real value for money for everyone who gives us money. On average we spent £250 on each service that we supported.

Black and Blue is very proud to report that in 2020-21 we spent even less on administration and as much as we could on real stuff for real people.

96.78% public benefit spend
